📍 21/91 Moo 12, Uthai, Phra Nakhon Si Ayutthaya 13210, Thailand

Four-year Computer Science student with hands-on experience in web development, Python programming, and software project development. Familiar with React, Next.js, TypeScript, and basic UI/UX design. Interested in applying programming and problem-solving skills to real-world software development while gaining practical experience in a professional development team.

Technical Skills

Programming Languages : JavaScript, TypeScript, HTML, CSS
Web Development : React, Next.js, Tailwind CSS, Responsive Design
Frameworks & Libraries : React Native (Expo), Node.js (Basic)
Tools & Technologies : VS Code, Git, GitHub, Figma, Postman
Database : MySQL, SQLite
Other Skills : REST API, UI/UX Basics, OOP, Problem Solving

Projects / Internship Experience

CSS FILES - Online Multiplayer Mystery Card Game

- Developed a web-based multiplayer mystery card game prototype.
- Designed user flows and interactive interfaces using Figma.
- Planned the frontend architecture using Next.js, React, TypeScript and Tailwind CSS.
- Implemented game-room features including player management, timer, chat and game flow.

Integrated Task Management – Full-Stack To-Do List Application

- Developed a full-stack To-Do List web application with login, CRUD operations, dashboard, and drag-and-drop task management.
- Implemented Supabase Authentication and PostgreSQL Row-Level Security (RLS) to protect user data.
- Technologies: Next.js, React, TypeScript, Supabase, PostgreSQL, Tailwind CSS

Personal Portfolio Website

- Developed a responsive web portfolio using Next.js and Tailwind CSS.
- Designed a clean and modern UI/UX.
- Connected with Email API for contact functionality.

Education

Rajamangala University of Technology Suvarnabhumi
Faculty of Science and Technology, Computer Science
Fourth-Year Student
Expected Graduation: 2027
Current GPA: 3.76

Skills & Attributes

- Problem Solving
- Logical Thinking
- Team Collaboration
- Communication
- Self-Learning
